

# ANTONIO SABORIDO

SOFTWARE ENGINEER

August 2024

---

**Bending Spoons**

Milan, Italy

---

I am excited to apply for the Software Engineer position at Bending Spoons, a company whose mission and values deeply resonate with my professional aspirations. With a strong background in software engineering and hands-on experience in full-stack development, I am eager for the opportunity to contribute to Bending Spoons' success while continuing to grow in such a dynamic and innovative environment.

Currently, I am working as a Full Stack Developer at Babel Sistemas de Información, where I have had the chance to work with cutting-edge technologies such as Angular, Java Spring Tools, and SQL for database management. These experiences have strengthened my skills in both backend and frontend development, as well as optimizing applications to ensure their integrity and performance. Additionally, I have earned certifications in key areas like SQL, PL/SQL, and ITIL Foundation v4, reflecting my commitment to continuous learning and my ability to adapt to new technologies.

I consider myself a fast learner and adaptable, always driven by my passion for computer science and the desire to tackle new challenges. At Bending Spoons, I am confident that my problem-solving abilities, collaborative spirit, and focus on continuous improvement would allow me to bring significant value to the team. Whether working on backend systems, infrastructure, or mobile development, I am eager to apply my technical skills and grow in areas that best align with the company's needs.

What excites me most about Bending Spoons is the company's ability to blend innovative technology with a diverse range of impactful projects. From developing mobile games to creating widely used apps like Evernote, Meetup, Remini, and Splice, Bending Spoons demonstrates a commitment to excellence across multiple domains. Joining Bending Spoons would allow me to apply my skills in a challenging and dynamic environment while being part of a team that consistently pushes the boundaries of what technology can achieve.

Thank you for considering my application and look forward to the opportunity to join such an exceptional team.

Sincerely,  
Antonio Saborido Campos
